

Mockup Review Meeting

Creative Director: Erin

Designer/developer: Zeyuan

- I enjoyed the tab menu in mockup A
 - o Maybe try implementing that as a consistent navigation on every page?
- I also like the structure on the history page with the menu -> text -> image
- I also liked the image as the background
- I think the black and white color scheme is working well
 - o Potentially add a third color an emphasis color?
- Could maybe play around with a more fun typeface?
 - o Like a newspaper headline font (Look at notes from last meeting!)
